

Nairobi Tented Camp

Nairobi National Park

Deep within a riverine forest minutes from Jomo Kenyatta International Airport, Wilson Airport and Nairobi city is a true wilderness experience. Visitors can arrive into Kenya and get straight under canvas and be on a game drive 15 minutes from leaving the airport. Nairobi Tented Camp is an authentic tented camp in the heart of Nairobi National Park.

LOCATION

It is the first accommodation of any sort to be allowed in this unique safari destination. There isn't any where else in the world like it; a wilderness escape where you can savor the thrill of camping in the heart of thick bush land right on the door step of the capital city.

THE CAMP

Each of the nine tents house accommodation for two people and have their own toilet and shower, so you can enjoy the luxury of en-suite living "safari-style" with hot water brought to your shower when you are ready. Each tent has low Watt LED lighting that run off

rechargeable solar panels, otherwise guest can enjoy the romance of candles and lanterns....a truly authentic tented camp experience. Comfortable beds are wrapped in cozy duvets and soft towels are ready for you to wash away the red Nairobi dust from the day's game drive.

THE EXPERIENCE

All meals at the camp are crafted to compliment the authenticity of the safari experience that guests will have the pleasure of enjoying. Game drives in 4x4 safari vehicle offer the chance to see a large diversity of animals and birdlife. All meals will be served on a set menu basis, with a warming hearty breakfast in the morning.

DAY PROGRAMME

Your day in Nairobi Tented Camp starts with a freshly brewed hot drink brought to your tent before setting off for that famous safari tradition- an early morning game drive. Be lucky enough to catch the first rays of early morning sun as they burn off the night dust of dew stirring the plains game gently to life.

After a morning potentially filled with sightings of lion, buffalo and leopard, return to camp for more warming cups of tea and coffee, freshly baked bread and a hearty cooked breakfast. The camp is made up of nine guest tents and a central mess and dining tent from which meals will be served. In the afternoon, guests can relax in the lounge area or in the privacy of their own tent. There is nothing more blissful than sleeping off your three – course lunch in a swaying hammock under the shade of an olive tree.

As the day cools and the sun starts its journey west, it will be time for another game drive - a chance to catch that evasive moment where a lion might decide it is time to feast. Return to camp for drinks and stories around the campfire, before dinner under the vast African star-lit sky, and ultimately retreating to the comfort of your bed.

CONSERVATION

Nairobi Tented Camp is a traditional tented camp and like our Porini Camps, it is designed to have minimal impact on the local environment. We are extremely proud of our environmental management programme for the camp and are happy to be held accountable through our eco-policy:

- All waste water (from the accommodation tents, mess areas and kitchen) in the camp is collected in a central septic tank, treated and disposed off site.
- All other solid waste products are physically removed from camp and taken to our company compound to be separated for recycling and disposal.
- All laundry is taken out of the park to be washed and ironed.
- No wood is cut or used in the Park: this is all brought in from commercial sustainable sources to ensure no wood is taken from the forest itself.
- Our eco-footprint barely exists. We are a fully mobile camp. Apart from the tent pegs holding the tents up, there is nothing else that is put into the ground.
